

Blue Bucket Outing
May 28-30, 2010

Arrival permitted on Thursday, May 27, 2010.

Friday 8:30 AM

Meeting and assignment of work schedule. Bodies permitting, we will run two shifts, 9:00 am to Noon, and 1:00 pm to 4:00 pm. Once your shift is complete, you may prospect on your own.

We will have at least two high bankers, probably a couple of more. We need at least one to feed each machine, one to remove rocks, etc, and a two to three to load wagons. With the amount we have signed up so far, we can run three machines two shifts. The longer we can run, the more material we can process, and hopefully more gold for all. All of this goes into the final draw.

The material at the machines is only for the group to use. To work on your own, you will need a shovel, buckets, pan, classifier is preferred, and whatever else you would like to use. The use of the ponds, etc. will be explained at the meeting.

Saturday:

Shifts as above.

Sunday:

Shifts as above.

Following the cleanup on Sunday, we will have a potluck dinner. Steaks will be provided. Hot dish, salad, chips etc, and desert will be on a signup basis. The sign up will be done by phone or at the May meeting.

After the meal, the drawing for concentrates will be held.

Monday: Departure.

Any questions, call Lonny at 253 333-8931 or e-mail at ldmeadows6@yahoo.com.
